

# Gath Pool Renovation

\$150,000 for interior renovations

# Project Scope

- New high grade non-slip epoxy flooring system
- New bathroom plumbing fixtures
- New high efficiency light fixtures
- Life safety upgrades
- New pool rated suspended ceiling
- New customer service counter
- Fresh coat of paint on all interior surfaces
- New ventilation system

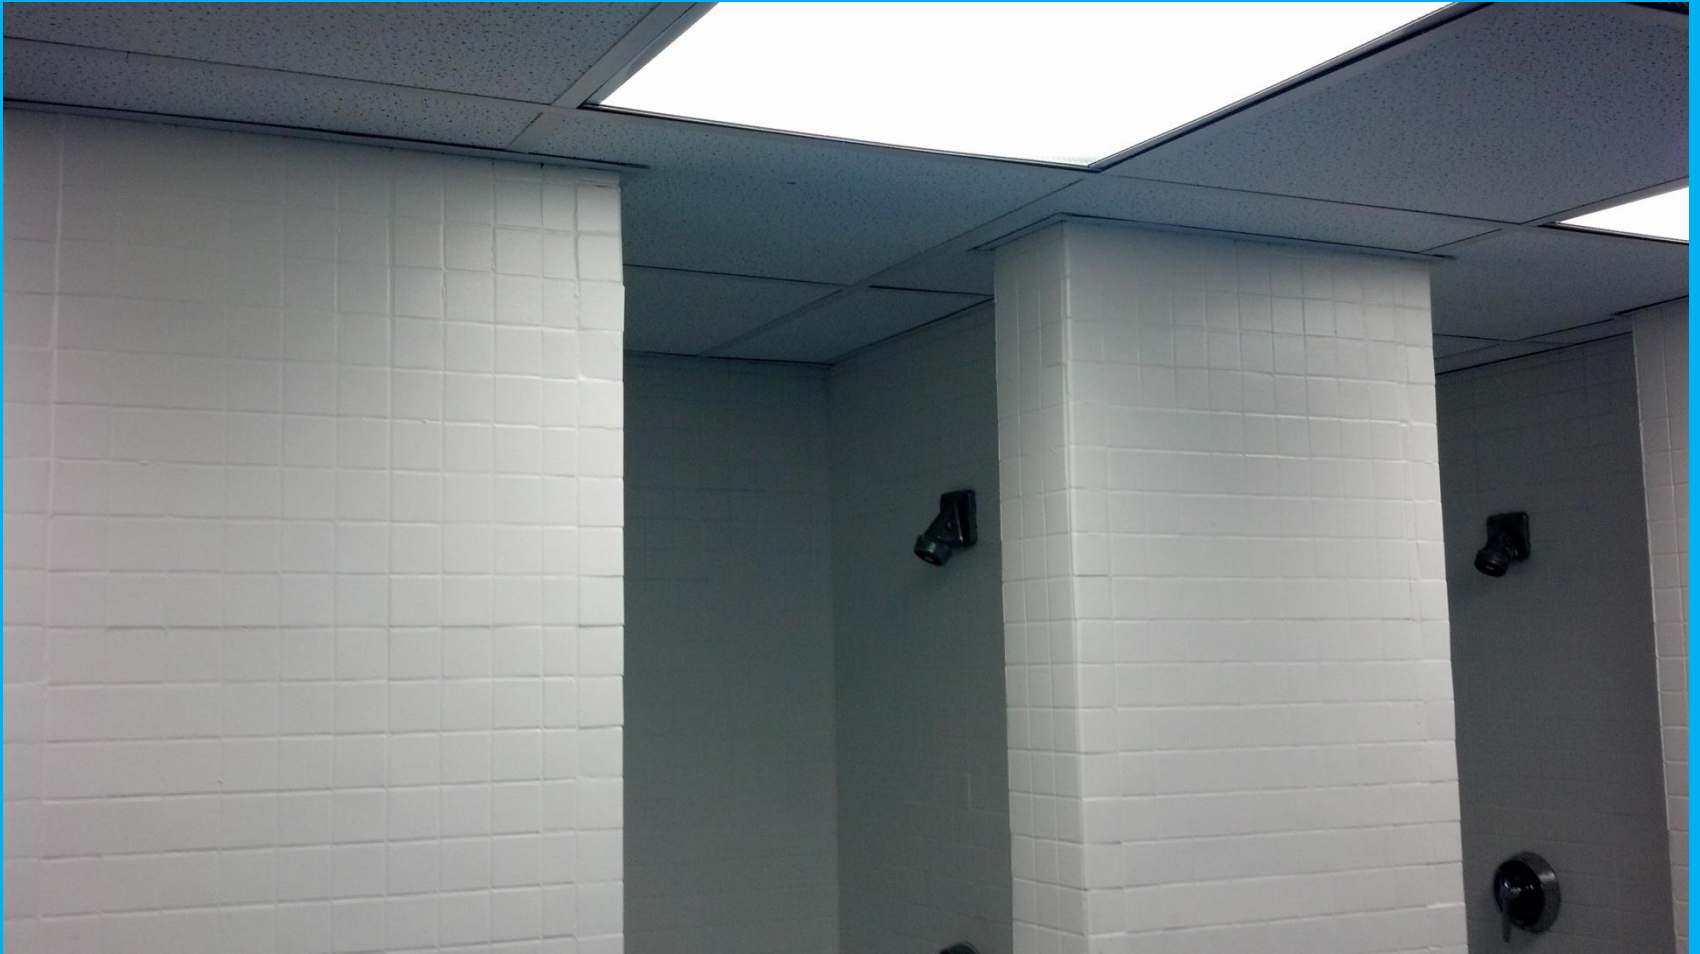

# Project Savings and Execution

- Majority of the project was completed using city staff, saving more than \$200,000.
- 12 city craftsmen from 5 trades worked for 2 months to complete the renovations.
- General Contracting services were provided by The Building Maintenance Supervisor and the Director of Operations.
